Garden Café Terrace Graces the city with a vibrant concept

Situated on the Lower Lobby Level of the hotel, Garden Café Terrace is an oasis of the city, perfect for those seeking a break from the frenetic urban life. Immersed in chic contemporary tones, the restaurant design exudes a restful vibe. Guests are invited to chill out at the outdoor terrace, listening to the flow of water from the adjacent pool as they revel in the brilliant skyline of the Central business district and magical city lights in the evening. Standing at the far end of the terrace, the resort-like bar area follows a cosmopolitan style completed with a water fountain and fireplace.
